OKLAHOMA BULLETIN NO. OK360-3-1

SUBJECT: PER - Employee Performance Incentive Awards for FY2002

Purpose: To inform employees of the Performance Awards nomination process for FY2002.

Expiration Date: November 1, 2002

ACTION REQUIRED BY: OCTOBER 31, 2002

Nominations for Performance Awards for Fiscal Year 2002 will be accepted from October 3, 2002 through October 31, 2002. During this timeframe supervisors may nominate employees for Performance or Quality Step Increase (QSI) awards for recognition based on performance. Nominations for Special Acts of Service will also be accepted. **Do not submit nominations for Spot Awards, Time-off Awards or non-monetary awards since these types of awards will not be considered during this timeframe.**

The following definitions will assist you in determining the appropriate award.

Performance Award - This award recognizes superior or outstanding work accomplishments during the past fiscal year that is supported by a "Results Achieved" performance rating. The supervisor must provide documentation that specifically describes: 1) the actual results achieved and their linkage to established targets (goals); 2) how the employee substantially exceeded the performance standards and expected work results communicated to the employee by the supervisor. The award may be cash or a Quality Step Increase (QSI). A cash award in the amount of \$750 may be recommended for employees who exceed in the majority of their performance elements (i.e., 2 out of 3, 4 out of 5).

Quality Step Increase (QSI) - This is an additional within-grade increase that may be granted for sustained, high quality performance significantly above that expected at the "Results Achieved" level. A recommendation for a QSI must be supported by a "Results Achieved" rating and written documentation. The supervisor must provide documentation that specifically describes: 1) the actual results achieved and their linkage to established targets (goals); 2) how the employee substantially exceeded the

the performance standards and expected work results communicated to the employee by the supervisor; 3) how the employee's performance has been sustained at such a high level throughout the performance appraisal period. Employees who exceed in all performance elements may be recommended for a cash award equivalent to 1 1/2 times a step increase (see attached chart) or a QSI.

Note: *Quality step increases are not appropriate when it is known an employee is in step 10 of the pay range or when it is known that the employee is about to receive a promotion or vacate a position within 60 days. A QSI may be appropriate if the employee is moving to a similar position at the same grade level and performance is expected to continue at the same level of effectiveness.*

Cash Award for Special Act - A cash award that may be given to an individual employee (Individual Cash Award) or to several employees (Group Cash Award) to recognize a single accomplishment during a specific time frame. For example, Bill Jones, Peter Smith, and Susan Campbell provided assistance to XYZ Field Office during CRP signup from April 13, 2002 to May 10, 2002. Only a brief description of the accomplishment is necessary. Amounts appropriate for this type of recognition may range from \$300 to \$500.

To facilitate the award nominations for FY2002 the following procedures will be used:
